HIGH COUNTRY

 **3hrs 30mins duration**

Explore and enjoy the rugged back country terrain

Our electric trail bike experience is a New Zealand first, offering a silent, low emission footprint perfectly suited for a sustainable high country farm adventure.

This unique electric two-wheel drive experience is the ideal blend of old meets new. Begin with a cruise across Lake Wakatipu on board our 104-year-old vintage steamship, TSS Earnslaw. On arrival at Walter Peak High Country Farm, you'll meet your guide and get suited up for your adventure.

Start with a ride through gentle rolling farmland, climb 'The Hill' and take in the views of Mt Nicholas. At Beach Point reserve you'll stop for a lakeside snack. From here you'll ride the rambling tracks back to Walter Peak, and soak in the stunning alpine scenery. Then enjoy the return cruise back to Queenstown.

- Small groups, six per guide
- Light refreshments included
- Return TSS Earnslaw cruise

Departs
