WELCOME

Immerse yourself in the vast and
untouched wilderness...

Doubtful Sound is a beautiful fiord. Three times longer than Milford Sound, with twisting arms, it has a surface area ten times larger.

With its rugged peaks, verdant rainforest and twisting, hidden inlets, Doubtful Sound will take your breath away.

There's no direct road access, so the only way you can to get to Doubtful Sound is a cruise across Lake Manapouri and a coach trip over the Wilmot Pass. This isolation makes this fiord a very special place, a place only those in the know get to see.

If you'd like to experience the pristine beauty of Doubtful Sound for yourself, join us for a Wilderness Day Cruise or better still, spend an unforgettable night on our Overnight Cruise.

Our coach connections from Queenstown or Te Anau make it easy to get to Manapouri, where all of our Doubtful Sound experiences begin.

Conservation

Protect. Sustain. Grow.

"Today I am more convinced than ever before that conservation is the real cornerstone of New Zealand's tourism industry."

LES HUTCHINS, FOUNDER OF REAL JOURNEYS

The rise of NZ's modern environmental movement can be traced back to one key event in the 1960s: the Save Manapouri Campaign. Real Journeys founders Les and Olive Hutchins were key figures in the fight against the Government's plans to raise the lake level. Their efforts didn't just protect Manapouri – they inspired a nationwide change of attitude in how we protect and conserve the environment.

The Leslie Hutchins Conservation Foundation was established in 1994 with this aim in mind. Every year we contribute a percentage of our sales to ensure this vital charity can support a number of conservation initiatives – everything from educational trips to native bird relocations.

Real Journeys works closely with the Department of Conservation (DOC) on a range of projects. This year, to help our native birds, we began laying traps for a \$500,000 programme to remove predators from Cooper Island, the third largest island in Dusky Sound, Fiordland. Other projects include coastal clean-up programmes in Fiordland and Stewart Island and an annual fundraising 'Birds of a Feather' Conservation Ball (100% of all proceeds from ticket sales and auctions are donated). We assist with the protection of the kākāpō, whio, kiwi and various penguin species.

We are also committed to operating sustainably and minimising our footprint. From recycling initiatives to investing in leading edge technology we always aim to go above and beyond to protect our pristine environments.

For everyone at Real Journeys, looking after and caring for our backyard isn't policy – it's a way of life. By following in the footsteps of Les and Olive we both honour the past and protect the future.
