 8hrs 30mins duration

Explore the first section of the famous Milford Track on our one day guided adventure.

- Return cruise across Lake Te Anau
- Easy walking track (Around 9 - 11km, or 4-5 hours each way)
- Small groups, maximum 12 per guide
- Lunch and hot drinks included

This Milford Track taster begins with a scenic cruise across Lake Te Anau. You'll take a gentle stroll via the Glade Burn to the historic Glade House where we stop for lunch. The path then follows the stunning Clinton River, across a swing bridge and into an ancient beech forest, before retracing your steps.

Experience the tranquillity and listen out for native birdsong. Your nature guide will share the history of the track and point out native flora and fauna along the way. There's plenty of time to take photos. This is a great way to experience the highlights of the Milford Track if you don't have time for the full four day walk.
